

# MediaPOINTE®

## SystemOne

**MediaPOINTE SystemOne** provides a single elegant solution for all of your business communications needs. It's a Conferencing system ... a Presentation system ... a powerful Multimedia collaboration tool.

But unlike smaller, dual monitor systems, SystemOne allows you to display local or far-end video and graphics side-by-side, overlaid or full screen. Its beautiful 61" plasma display is big enough to handle virtually any meeting or

conference room with style. And it's portable, allowing you to get the most out of your investment.

What's more, because SystemOne runs on the powerful MediaPOINTE operating platform, you can annotate or collaborate with video, documents, whiteboards and computers ... in a room, over a network or around the globe. And its upgradeable, plug and play architecture evolves with changing technology – and your changing needs.

# SystemOne

## Features and Specifications

### Operating Platform

MediaPOINTE®

### Display

61" or 50" 16:9 plasma  
XGA, SVGA, VGA resolution  
Multimedia display capability  
WideScreen Image (16x9)

### Control

On screen user interface  
Wireless GyroMouse™  
Control through PC Browser

### Media Conferencing

Up to 2Mb ISDN and/or up to 3Mb IP  
Dual Video streams to the Far End  
XGA resolution to the Far End

Collaboration  
Collaborative on screen annotation  
Far end system control (MediaPOINTE environments)

### Inputs/Sources

1 Hi-Res input with support for XGA (1024x768), SVGA (800x600), VGA (640x480)  
1 Composite Video Input  
1 PTZF Camera

### Outputs

1 Composite or S-Video output  
Multimedia archival feed

### Audio

Stereo playback  
Telephone add on  
Support for up to 3 microphones  
Separate echo cancellers for each microphone

### Ethernet Services

Internal Web Server for remote PC Control  
Internal Web Server for integrated directory support  
Internal Telnet and FTP server for remote diagnostics, configuration and administrative tools  
10/100Mb full/half duplex  
TCP/IP, DHCP

### Standards

Bandwidth  
H.320 up to 2Mb ISDN  
H.323 up to 3Mb IP

### Video Standards and Formats

H.261, H.263, H.263+, H.263++  
NTSC, PAL, VGA, SVGA or XGA  
4SIF, SIF, 4CIF, CIF, QCIF

### Audio Standards

G.711, G.722, G.722.1, G.728

### Embedded Encryption (Optional)

H.320 and H.323 point-to-point and multipoint calls  
Standards-based: H.233, H.234, H.235, DES and AES  
Automatic key generation and exchange

### Options

M101 Multimedia Cart

### Optional Sources

XGA document camera  
Up to 2 video sources  
VCR  
Multi standard VCR  
DVD Player  
Satellite Receiver  
Cable box

Optional M101  
Multimedia Cart
